You're invited!

The Peterborough Agricultural Society is hosting our 2026 Annual General Meeting and we'd love to see fresh faces, new ideas, and anyone passionate about keeping agriculture strong in our community.

Whether you're a long-time supporter, a local family who enjoys our events, or someone curious about how agriculture shapes our region, this is the perfect time to get involved.

Join us as we:

- Review the past year's projects, events, and financials
- Share what the Society actually does behind the scenes
- Elect new board members
- Preview our plans for 2026: including events, partnerships, and ways to help our Society thrive
- Open the floor for new members to join and have a voice

Our AGM is open to everyone: farmers, families, youth, volunteers, and community members who want to see agricultural heritage, education, and events stay alive in Peterborough County.
