

PCFA Donates to Kawartha Food Share

Posted on Wed, Jun 10, 2020 by PCFA

The last eight weeks our community has been experiencing a situation that most of us never would have dreamed possible, yet here we are.

We in the agricultural sector have been hit too, and trying to adapt to the side effects of COVID 19, as some areas have been impacted harder than others and we need to navigate new policies and process as well as deal with supply and demand situations.

We do however still feel truly fortunate and optimistic for a new growing season and will continue to produce high quality food.

The one area we farmers are used to is change; we are very adaptable and are always relying on science to produce better, more environmentally, ethical, and healthier products.

COVID 19 has so many unknowns and is scary for all of us. We want you, your clients, and our community to know, we farmers continue to work hard and offer the highest quality of Agri-food products grown and produced right here in Peterborough County, always have and always will.

On behalf of my fellow Board and our full 800 membership strong, Peterborough County Federation of Agriculture hopes this donation of \$3000 will comfort those who have been deeply impacted by this international situation.

We are all in this together and together we will get through this.

Sincerely,

Karen Jopling

President, Peterborough County Federation of Agriculture
