

Peterborough REKO Network - Calling All Farmers

Image

A Peterborough REKO Network is launching this spring and is looking for farm vendors. REKO networks give communities a new way to buy locally grown produce. Farmers will be able to sell directly to consumers over a shared Facebook group, with pickup happening at a third party location once a week. For more information visit [REKO Canada](https://www.rekocanada.ca), or contact the [REKO Peterborough Facebook page](https://www.facebook.com/reko-peterborough) for a vendor application.
